Company committed to health and sports.

Unexport has a commitment to wellness. Wellness that we can achieve through a healthy diet and an active life in a quality environment. This commitment is based on our social actions, focused on a balanced diet, the promotion of sports, equality and care for the environment. We promote and disseminate these values both within our company and in society, through a series of actions based on the 2030 Principles and Sustainable Development Goals of the United Nations Global Compact of which we are partners and through certification in quality standards such as GLOBAL GAP and IFS.

naturally

Unexport is a group of producer companies, becoming together to create a Cooperative business with unique products, joining forces to export best Spanish food items.

Under the brand Murmullos del Edén, Unexport opened a new food division for processed items, following the same strategic as the fresh division: controlling the entire distribution chain, from the fields, manufacturing best raw material, till delivering in our client's warehouse. Thanks to our Global GAP certification we can guarantee the complete tradability.

We can arrange mixed pallets combining several items, or full pallet/truck loads from our producers facilities.

We ship full truck in daily basis to almost every part of Europe, therefore we are able to deliver from 1 palet wherever it is requested.
